

NGUYEN MY THONG

Software Engineer - Game Dev

+84 839879660 · mythonggg@gmail.com · [Github](#) · [Website](#)

SUMMARY

I am a second-year Computer Science student at UIT University, with a strong focus on Web App and Game development. Additionally, I am highly interested in AI and Machine Learning and am actively learning how to apply these technologies to real-world problems. I am eager to further develop my skills and work on innovative projects that blend creativity with cutting-edge technology.

WORK EXPERIENCE

Software Engineer

Feb 2024 - Present

Realtime Chat App

A chat app with very simple UI allows users to securely join or create chat rooms and engage in instant messaging. With user authentication and seamless realtime communication, it provides a smooth and secure chatting experience.

Personal Blogsite

A blogsite focuses on tech, development, and IT topics, where I share insights, tutorials, and experiences related to the world of software development and technology. It serves as a platform for discussing programming, emerging technologies, and industry trends, helping readers stay informed and develop their skills.

Time Tracking App (Ongoing)

A web-based time tracking app designed for my personal use, allowing me to monitor various activities and visualize them through different types of charts.

Multiplayer Game Browser (Ongoing)

Multiplayer simple games on browser for everyone to play with their friends. This project I build both server and client using Go and HTML canvas API.

Game Developer

August 2024 - Present

Forward Thinking Game

"A platformer where your mind has to be in the future". I built this game with a friend of mine in 4 days for 2024 GMTK Game Jam.

EDUCATION & CERTIFICATIONS

Binh Long high school for the gifted (Binh Phuoc)

A student in an English specialized class.

University of Information Technology – UIT

Computer Science student.

Complete Web Development Bootcamp - Udemy

Finished this course with a certification from Udemy

Google Developer Student Club UIT

A Developer of GDSC club at my school - UIT

EXTRACURRICULAR ACTIVITIES

Football player

A member of my high school football club,

Consultant in No Code/ Low Code community

I am a member in Discord and usually answer questions for newcomers.
